HOW TO ORDER:

Determine the product number (**6636AS**), the nominal main size, the nominal outlet size and the actual main pipe OD, and then use the appropriate ordering code as shown in the following example.

To fit an Abandon Service Sleeve over 8" C900 pipe (9.05"OD) that has a 3/4" main stop attached, the ordering code would be:

6636AS - 8" x 3" - 9.05" i.e. **6636AS - 8 x 3 - 9.05**
 product nom. main nom. outlet actual main
 number size size OD

Note: * Refers to chemically treating Stainless Steel after welding ("Pickled/Passivated") to return it to its original appearance.
 - The high limit of the range is used in the ordering code.
 - Other sizes and variations available on request.
