January 15, 2023

To Our Valued & Loyal Customers,

To reflect current manufacturing costs, Robar Industries Ltd. will be implementing a price increase effective March 1st, 2023.

Robar will have a **5%** increase on the list prices for products in our price book, except for brass saddles. The list price for brass will be adjusted so that you will revert to your standard discount which will keep your net price very close to your current pricing.

Robar's prepaid freight allowance will increase to **\$4,000.00 net**.

Robar's 2023 pricelist will be available electronically for download from our website www.robarindustries.com by January 28th. If you wish to receive a "hard copy" please contact our sales office by phone or email waterworkswest.sales@robar.ca and we will mail the required copies to you.

If you have any questions or concerns regarding the pending increase, please contact your local Robar Representative.

Sincerely,

Trevor Eden
